

Results report

Adaptive DigComp Assessment (FR)

1. Result

Skill Level: Basic - 2/5

THE CANDIDATE'S DIGITAL SKILLS NEED TO BE ENHANCED TO BECOME FUNCTIONAL.

2. Analysis

Progressive estimate of candidate level

This chart shows how the system adapted the difficulty level of the questions to candidate responses as the test progressed. The grey line shows the candidate's estimated skill level before each question.

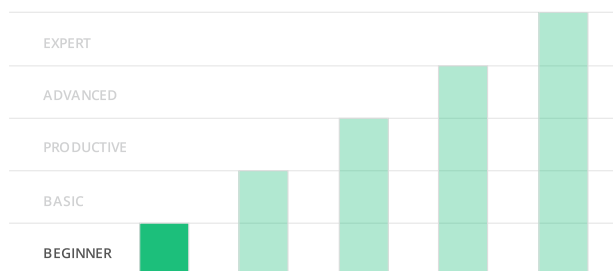

Questions ordered by difficulty level

This chart shows the questions the candidate was asked, by level of difficulty.

3. Domains

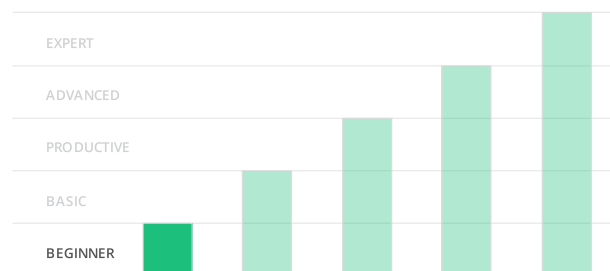

Information and Data Literacy

Domain description:

The questions in this domain cover the essential concepts related to search strategies, updating information and content in the digital environment, and identifying different types of websites. They also cover the analysis and assessment of data source reliability, and the organization and treatment of digital content in a structured environment (downloading files, using images and forms, etc.).

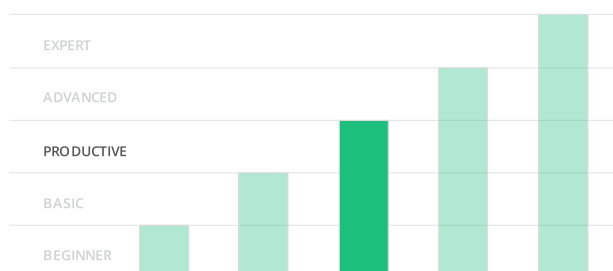

Communication and Collaboration

Domain description:

This domain covers the proficiency in the use of digital tools and technologies in collaborative processes (social networks, online conference, online discussion, etc.), as well as the collaborative creation of appropriate data and resources. Questions also include referencing, the ability to use public and private digital services, and managing a digital identity.

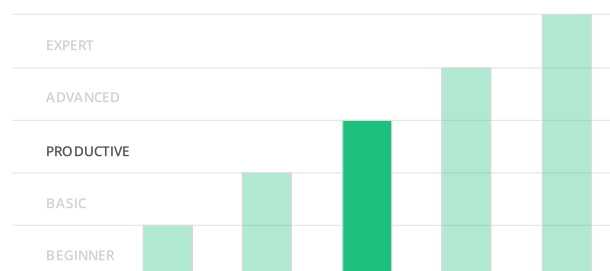

Digital Content Creation

Domain description:

Candidates are tested on their ability to understand the enforcement of copyright laws and legal aspects of different types of licenses. They are also tested on making and editing digital content in various formats (social networks, messaging, etc.) and their ability to modify, improve and integrate information into an existing body of knowledge using different operations systems, RSS feed, etc.

Digital Safety

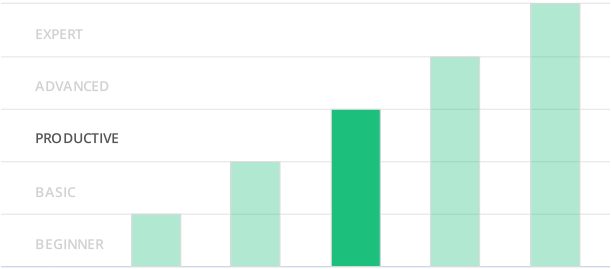

Domain description:

This domain covers skills such as protecting devices and digital content with anti-malware applications. Candidates are tested on their ability to limit the risks and take security measures to protect personal data in different contexts (social networks, emails, etc.), as well as their knowledge on the environmental impacts of digital technologies.

3. Domains

Problem Solving

Domain description:

This domain includes questions on identifying and solving technical problems when operating devices in digital environments. It also includes questions on technological monitoring tools to improve and develop digital skills, and on the implementation of a lifelong digital skills development.

4. Detailed analysis skills

Information and Data Literacy

Level: Beginner

The questions in this domain cover the essential concepts related to search strategies, updating information and content in the digital environment, and identifying different types of websites. They also cover the analysis and assessment of data source reliability, and the organization and treatment of digital content in a structured environment (downloading files, using images and forms, etc.).

DOMAINS MASTERED

- Enregistrer une pièce jointe
- Définir un navigateur
- Faire une somme

DOMAINS TO IMPROVE

- Chercher des adresses sur internet
- Chercher des informations historiques et culturelles
- Chercher des informations sur internet
- Identifier les principaux FAI
- Dupliquer et renommer un fichier
- Rechercher un plan sur Internet

Communication and Collaboration

Level: Beginner

This domain covers the proficiency in the use of digital tools and technologies in collaborative processes (social networks, online conference, online discussion, etc.), as well as the collaborative creation of appropriate data and resources. Questions also include referencing, the ability to use public and private digital services, and managing a digital identity.

DOMAINS MASTERED

- Définir les termes : intranet, big data, cloud et connaître leur utilité

DOMAINS TO IMPROVE

- Relancer une question dans un forum
- Cliquer sur l'onglet du webmail
- Identifier le bouton pour rejoindre une équipe sur Teams
- Utiliser Teams pour smartphone
- Accéder à toutes les applications Microsoft 365
- Associer les termes spécifiques des forums internet à leurs définitions

Digital Content Creation

Level: Productive

You are tested on your ability to understand the enforcement of copyright laws and legal aspects of different types of licenses. You are also tested on making and editing digital content in various formats (social networks, messaging, etc.) and your ability to modify, improve and integrate information into an existing body of knowledge using different operations systems, RSS feed, etc.

DOMAINS MASTERED

- Connaître les termes simples du traitement de texte
- Reconnaître les logos Microsoft
- Reconnaître une tablette graphique
- Modifier l'interligne
- Connaître les extensions des fichiers image

DOMAINS TO IMPROVE

- Reconnaître les éléments d'un document
- Saisir un texte, le mettre en gras et italique

4. Detailed analysis skills

Digital Safety

Level: Productive

This domain covers skills such as protecting devices and digital content with anti-malware applications. You are tested on your ability to limit the risks and take security measures to protect personal data in different contexts (social networks, emails, etc.), as well as your knowledge on the environmental impacts of digital technologies.

DOMAINS MASTERED

- Reconnaître un mot de passe fort
- Définir le phishing / hameçonnage
- Reconnaître une page sécurisée sur Internet
- Connaître les principes fondamentaux pour la sécurité informatique
- Connaître les fonctions de la CNIL
- Classer l'impact potentiel d'une cyberattaque selon la cible

DOMAINS TO IMPROVE

Problem Solving

Level: Productive

This domain includes questions on identifying and solving technical problems when operating devices in digital environments. It also includes questions on technological monitoring tools to improve and develop digital skills, and on the implementation of a lifelong digital skills development.

DOMAINS MASTERED

- Reconnaître les périphériques
- Identifier un raccourci vers un document
- Mettre à jour Windows
- Connaître les extensions de fichiers

DOMAINS TO IMPROVE

- Connaître les raisons de non remise d'emails
- Définir le SMTP

5. Questions by subject

Number	I.D.	Question	Time spent	Correct
1	BANUMFR0172	Identifier les principaux FAI	3s	✗
2	BANUMFR0440	Cliquer sur l'onglet du webmail	4s	✗
3	BANUMFR0023	Reconnaître les éléments d'un document	5s	✗
4	BANUMFR0356	Rechercher un plan sur Internet In-app	13:00	✗
5	BANUMFR0252	Définir le phishing / hameçonnage	10s	✓
6	BANUMFR0196	Définir le SMTP	19s	✗
7	BANUMFR0221	Relancer une question dans un forum	4s	✗
8	BANUMFR0409	Modifier l'interligne In-app	1:11	✓
9	BANUMFR0250	Reconnaître un mot de passe fort	12s	✓
10	BANUMFR0407	Faire une somme In-app	1:30	✓
11	BANUMFR0005	Reconnaître les périphériques	9s	✓
12	BANUMFR8116	Identifier le bouton pour rejoindre une équipe sur Teams	9s	✗
13	BANUMFR0419	Connaître les extensions des fichiers image	13s	✓
14	BANUMFR0025	Saisir un texte, le mettre en gras et italique In-app	1:07	✗
15	BANUMFR0262	Reconnaître une page sécurisée sur Internet	6s	✓
16	BANUMFR0057	Connaître les raisons de non remise d'emails	17s	✗
17	BANUMFR0170	Définir un navigateur	6s	✓
18	BANUMFR0088	Chercher des informations sur internet In-app	40s	✗
19	BANUMFR8173	Associer les termes spécifiques des forums internet à leurs définitions	20s	✗
20	BANUMFR8329	Classer l'impact potentiel d'une cyberattaque selon la cible	13s	✓
21	BANUMFR0431	Identifier un raccourci vers un document	11s	✓
22	BANUMFR0080	Chercher des informations historiques et culturelles In-app	16s	✗
23	BANUMFR8157	Accéder à toutes les applications Microsoft 365	29s	✗
24	BANUMFR0168	Reconnaître les logos Microsoft	7s	✓
25	BANUMFR0290	Connaître les fonctions de la CNIL	10s	✓
26	BANUMFR0054	Enregistrer une pièce jointe In-app	1:14	✓
27	BANUMFR4771	Connaître les extensions de fichiers	27s	✓
28	BANUMFR8144	Utiliser Teams pour smartphone	22s	✗
29	BANUMFR0222	Reconnaître une tablette graphique	6s	✓
30	BANUMFR0073	Chercher des adresses sur internet In-app	10s	✗
31	BANUMFR0264	Connaître les principes fondamentaux pour la sécurité informatique	12s	✓
32	BANUMFR4441	Mettre à jour Windows	21s	✓
33	BANUMFR0045	Définir les termes : intranet, big data, cloud et connaître leur utilité	13s	✓
34	BANUMFR0226	Dupliquer et renommer un fichier In-app	37s	✗
35	BANUMFR0024	Connaître les termes simples du traitement de texte	13s	✓

6. Ranking

The candidate is among the 3% who have obtained the Basic level.
